

full-on glamour

There is nothing like statement eye makeup to quickly change up your look for the evening. Update the smoky eye with a flash of purple and silver. For Asian brides with small eyes or monolids, start with a darker hue at the upper lash line and then blend it upwards and into a lighter colour to make your eyes rounder and bigger. Balance the look with a nude pink lip.

pink on pink

"Some brides love pink," says makeup artist Ginger Lorenz. "It's feminine and adds a powerful glow." For look, she opens and uses it. Ginger used a light gold with a multi-toned, smoky eye into the crease line to add more depth. A soft flush of pink on the cheeks more than makes up for the more subtle and a porcelain complexion. Any one of these gorgeous looks would be perfect for your special day.
